* **Marc Jordan** has written hit singles for Rod Stewart, Natalie Cole, Bette Midler, Amanda Marshall and many others. His achievements as a recording artist are equally impressive, with no fewer than eight critically-acclaimed albums to his credit. His latest release – *Marc Jordan Live Now & Then* – includes such hits as *I Fall From Grace*, *Marina Del Rey* and *Cool Jam Black Earth*.

* **Amy Sky**'s songs have been recorded by Anne Murray, Roch Voisine, Diana Ross and many others. Her first album – *Cool Rain*, released in 1996 – is approaching gold status in Canada and produced such hit singles as *I Will Take Care of You* and *Don't Leave Me Alone*. Her most recent album – *Burnt by the Sun* – includes the Top-10 hit single *Love, Pain and the Whole Damn Thing*.

* **Esprit Orchestra** is Canada's only orchestra dedicated to new orchestral music by Canadian Composers. In addition to an annual subscription series, Esprit performs concerts by invitation for CBC Radio and many others. In 1997, Esprit released its fourth compact disc – *Tabuh-Tabuhan: Music of Colin McPhee* – which was nominated for two JUNO Awards, including "Best Large Ensemble."
